TIMESHIP™

A COMPUTER ADVENTURE
AND ROLE PLAYING GAME OF TIME TRAVEL.

TIMESHIP is an innovative and imaginative, multi-player, adventure/role playing game which allows players to adventure into strange eras and places as themselves; not as some fictional characters which have been precreated by a nebulous programmer. When you first enter the **TIME TRAVELERS' GUILD HALL**, your first step on the road to adventure, you must register by telling the computer your relative statistics in areas such as strength, endurance, intelligence, speed and others. Then you must register your abilities with various types of weapons, ranging from primitive swords and clubs to modern day machine guns and rocket launchers. An elegantly simple system starts players at average abil-

ity levels, then allows each player to evaluate him or herself by improving some and reducing others. The result is each player creates a gaming character mirroring both their own positive and negative abilities, based upon their own judgement. After registering, adventurers visit several trade areas in the Guild Hall where they obtain clothes, equipment, weapons and armor for the coming mission. Once you're registered and outfitted, you join the roles of the time travellers and the adventure begins as your computer becomes both 'Time Portal' leading to the next adventure and 'Timelord', overseeing all the action and responding to your wishes.

The Date is August 25, 600,000,000 A.D. and you stand beneath a blazing, unmoving sun. No crime has been committed on Earth for more than three hundred million years; until NOW! As a member of the Time Travellers' Guild your mission is to solve the mysterious crime using the bizarre clues and peculiar witnesses as you play, **MURDER AT THE END OF TIME**, the first adventure for **TIMESHIP**!

TIMESHIP comes with the introductory adventure, **Murder at the End of Time**, a strange and exciting mystery taking you, as an individual or with a group of friends, into the world 500,000,000 years from now. There you will meet some of the most unlikely characters and situations imaginable as you attempt to gather and piece together the clues of the crime.

But that's only the beginning! Other 'Time Capsule' adventures are currently being developed which will allow you to use the master disk including the **TIMESHIP** game for more exciting gaming.
